Don "The Dragon" Wilson & Combat Games Statement

"Because of my long standing relationship with WAKO Organization, I expect a great martial arts event of truly "Epic Proportions" (Enter the Dragon). As a former professional fighter, I have always enjoyed watching competitions of all kinds involving the martial arts. The diversity and quality of these international athletes will give spectators an excellent show and provide good will and unity throughout the world of martial arts. I look forward to giving my full support for this worthy event and am honoured to represent Kickboxing as an "Ambassador".

Don "the Dragon" Wilson
